

ECO KOOL WARRANTY

To our Valued Customer,

ECO KOOL has been formulated and manufactured to provide a high level of trouble-free performance. ECO KOOL is free from defects in material and workmanship. We stand behind the quality and workmanship of our products by offering the best warranty of any manufacturer in the industry. If you ever experience problems, our staff and well trained customer service specialists are here to assist you. Eco Experts offers the following warranty coverage for our ECO KOOL treatments:

When ECO KOOL is properly installed, Eco Experts will repair or replace any compressor system, proved by the manufacturers approved laboratory, to be damaged solely by the product. This warranty is limited to actual damage to treated equipment, and does not include incidental or consequential damages or damages of any other kind or character. This warranty is subject to proper installation by a certified contractor of Eco Experts and shall not apply to any product that has been subject to misuse, abuse, mishandling, tampering, spillage, contamination after shipment, or any defects or damage caused by improper handling or storage by the consumer/customer.

This warranty allows for one additional ECO KOOL treatment in the event of a change in residence or purchase of a new A/C System by the original purchaser.

ECO KOOL AND EQUIPMENT WARRANTIES

ECO KOOL meets or exceeds all major equipment manufacturers' warranty standards for compressor oils. The Magnusson-Moss Consumer Product Warranty Act of 1992 prohibits compressor manufacturers from voiding their warranties because of the addition of third party oil additives; unless that equipment manufacturer can prove that the lubricant harmed the equipment.
